Sir,

Sub: COLLEGES - Government Training College, Mangalore - Secondary Training and Model Sections - Teaching of handicrafts - payment of enhanced remuneration to part-time instructors.

-.-.-

In their order Ms.No.3309 Education dated 13.12.1950, Government sanctioned the employment of a part-time instructor in Book binding and general card board work in the Government Training College, Mangalore on Rs.50/- a month. This part-time post is intended for the Basic Training Section.

A Secondary grade training section and a model section with classes V to form III are attached to the Training College. There is no craft instructor at present for either section. Takli spinning is taught as a craft in the Training Section by the Drawing master, while in the model section, 'Gardening' is the craft taught by the Secondary grade teachers. The teaching of crafts in both the sections is not in the hands of qualified specialist teachers and is therefore unsatisfactory. In the absence of a separate craft instructor for the two sections it is necessary to introduce in them, the craft taught in the Basic Training Section so that the part-time instructor may be entrusted with the craft work in the Training section and the model section also, thus dispensing with the need to employ a separate craft instructor for the two sections. The Principal of the College has therefore proposed the introduction of 'Book binding' 'General Card Board work' as a craft in the secondary grade training section and the model section of the College. This will result in an additional work of ten periods for the part-time Instructor, which will justify an increase of his remuneration.

In the circumstances, I recommend that in view of the additional work allotted to the part-time Instructor in Book-binding and general card board work, Government may kindly sanction an increased remuneration of Rs.60/- a month to the Instructor.

Yours faithfully,

For Director of Public Instruction.
